

GEOCENT

# Leading SAFe®: Leading the Lean/Agile Enterprise with the Scaled Agile Framework

Licensed by **SCALED AGILE ACADEMY™**

**Michelle Russo**, SAFe Program Consultant (SPC) Licensed Instructor

**Anita Canafax**, SAFe Program Consultant (SPC) Licensed Instructor

The **Leading SAFe®** course equips leaders for an enterprise agile transformation by leveraging the Scaled Agile Framework, with its underlying principles of lean thinking and product development flow. Participants will leave with an understanding of the identification, implementation and execution of “Agile Release Trains” – long-lived programs whereby teams-of-agile-teams optimize quality and velocity delivery for the enterprises larger value streams. This course covers topics including Scrum overview, Agile Portfolio Management, Agile Architecture, and Scaling Leadership.

Executives, managers and Agile change agents responsible for leading a Lean|Agile change initiative in the larger software enterprise.

**No prerequisites;** this course is intended for those who will be involved in leading organizational change and portfolio management in an enterprise agile adoption program.

2 days (16 hours)

Completion of this course makes participant eligible for **SAFe Agilist (SA)** certification exam.
